6.3 WG Management Issues

The development of a Best practice guide to developing Ethical Aligned Standards was approved by Corporate Advisory Group (CAG) on 7th June 2022, project IC22-006-01. This is a new activity under the Industry’s Connections program as part of the business improvement program. Chair to call the first meeting to develop the scope of work.

7 PROPOSED PARs

7.1 P3176 Standard for an mHealth Ecosystem of Equity

Notice of proposed PAR, P3176 Standard for an mHealth Ecosystem of Equity. A 2nd meeting has been scheduled for June 30th to ensure that PAR represents the aim of the proposer, and that the proposer has considered the relationship with any current or future eHealth standards.

7.2 Recommended Practice for the Responsible Design and Development of Neurotechnologies

Initial meeting held on 7th June. Revised draft distributed on June 10th. The proposed PAR has come out of the IEEE Brain program. It is envisaged that this PAR would become the parent standard in this area, with more specific area standards following. The integration of the different models of the brain needs to be considered in developing standards associated with the brain.

Chair requested than any final comments be submitted so the draft can be formally lodged.

Moved Deborah, seconded Angelo, that the draft PAR 'Recommended Practice for the Responsible Design and Development of Neurotechnologies' be sponsored by SSIT-SC and submitted to NesCom for approval at their September meeting, carried.

7.3 Standard/recommended practice on Sustainability

Initial meeting to be held on June 20th.
